

Course Title: HIPAA Privacy & Security for Covered Entities**Course Description:**

Covered entities have specific requirements they must follow for the protection and disclosure of patient health information. This course provides an overview of the privacy and security components of the Health Insurance Portability and Accountability Act (HIPAA) and the additional requirements mandated by the HITECH Act and the Omnibus Final Rule. This course is designed for healthcare providers who need to provide HIPAA training to their staff. These include physician groups, medical practices, hospitals, and ASC's.

Course Objectives:

At the end of this course learners will be able to:

- List the components of the HIPAA Privacy Rule.
- List who and what is covered by the Privacy Rule.
- Describe covered entities' responsibilities under HIPAA.
- Describe how individuals' rights are protected under HIPAA.
- Describe the rules about using and disclosing PHI.
- Describe the security rule and good security practices.
- Describe the breach notification requirements.
- Recall the HIPAA penalty and enforcement provisions.

Course Lessons:

Lesson 1 – Introduction and Objectives

Lesson 2 - HIPAA Basics

Lesson 3 – Using and Disclosing PHI

Lesson 4 – Individual Rights of Access to PHI

Lesson 5 – Securing PHI

Lesson 6 – Breach Notification Rules

Lesson 7 – Enforcement

Course Features and Benefits

- Course material is engaging and accurate.
- Online content, quiz, and test questions are directed to the content delivered in the course and are based on proven adult learning theory principles.
- Interactivities are used to engage the learner and hold his or her interest.
- Audio narration that can be muted for crowded office environments plus audio transcript available in the course.
- Non-graded knowledge checks to reinforce lesson objectives.
- Bookmarking so learners can reopen the course to continue at page in the course where it was previously closed.
- Relevant images and animations are used throughout the course.
- The course mobile compatible to run on IOS and Android mobile devices.
- Unlimited attempts to pass end-of course-assessment with 80% minimum passing score.
